Testimonial:

“Glynis,

We are so appreciative of all your help and support in completing the sale of our home.

As you know, Vera and I were very intimidated and unsure of what to do going into the decision to put our home on the market. While all of your knowledge and experience was of great value during the process of preparing for listing and successfully marketing our home, your personal and supportive approach was even more valuable to us.

Selling the home we grew to love after almost 10 years was not just a lot of work, it came with a lot more emotion and trepidation than we were prepared for. Your confidence throughout the process was just what we needed to stay the course and make it happen. When we ran into those esoteric title insurance concerns at the last minute, your competence was just what we needed as I have no idea what we would have done without your experience and near hourly updates on the why’s and wherefore’s. At no point did I ever feel doubt that we would get it done because I had complete visibility and great explanations from you at every step.

We can’t thank you enough for representing our interests in the sale and for being a friend and guide throughout the process.

All the best,

Paul and Vera Conley
