

Dear Kevin,

Tiffany and I would just like to say thanks for all the assistance you gave us in finding a house to start our family in. I know we had you take us to every house on the list of houses you sent us. Of course of those it wasn't til the last house on the list that we found the place for us. We appreciate you driving us to each property and giving us what insight you could into each property we went to. It was also great to know even though there were a lot of curve balls thrown at us over the course of purchasing our final choice you were there to keep us apprised of what was going on. We appreciated all the time and energy you put into helping us and all the quick responses to any questions we had. Can't wait for you to see the house all fixed up.
